

Water Weekly

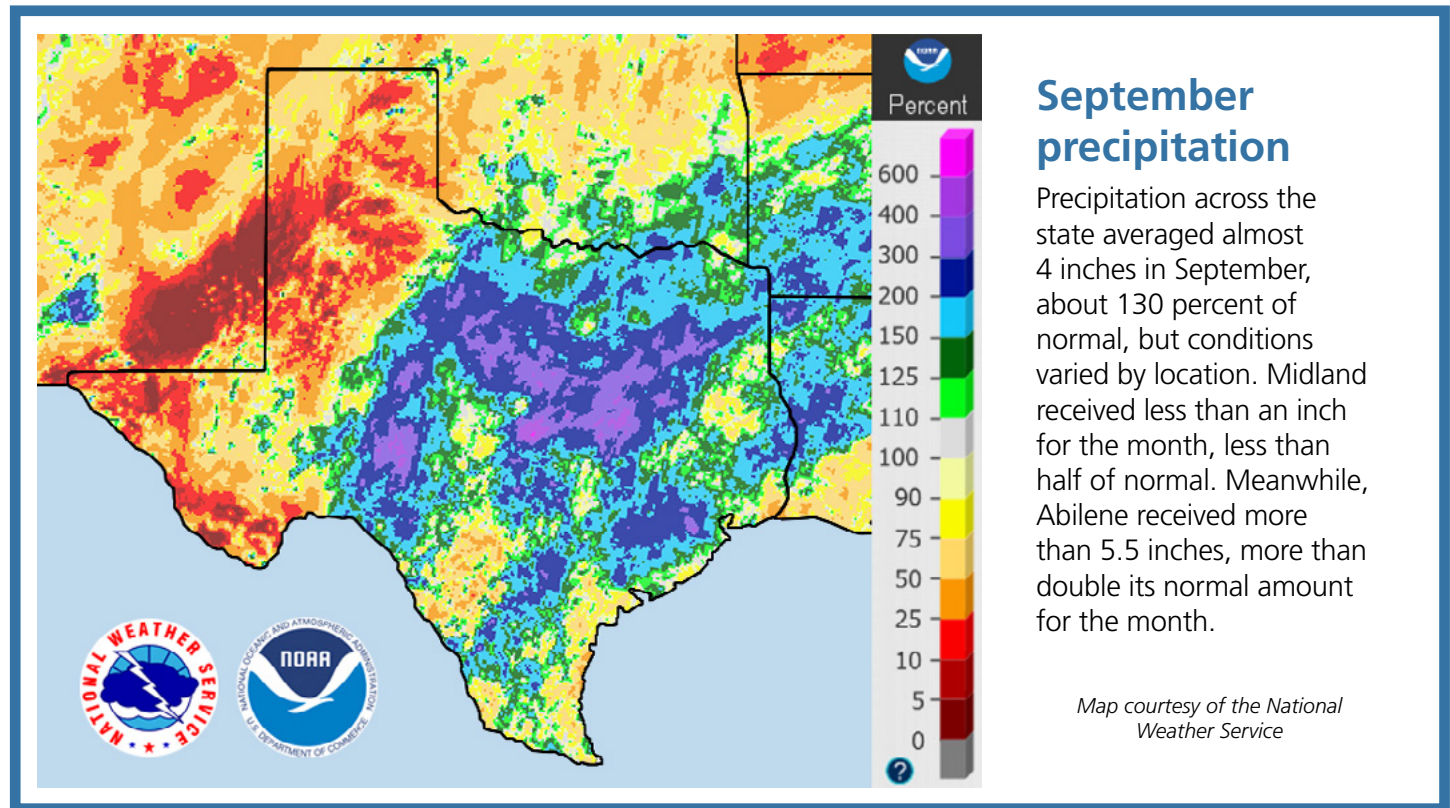

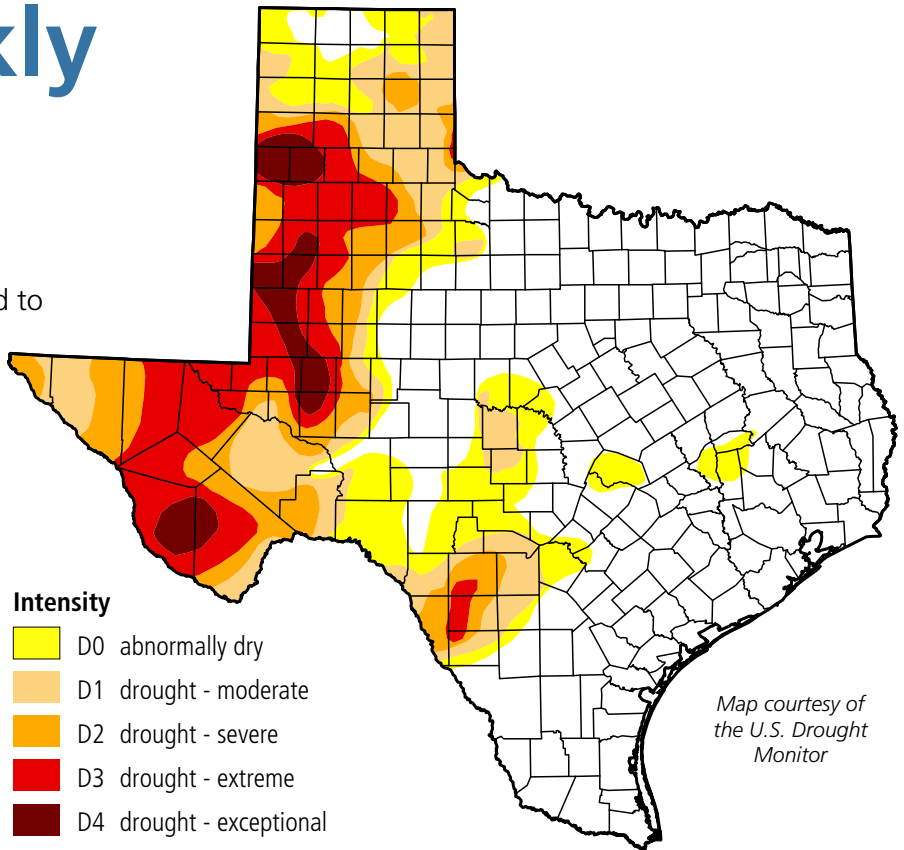

For the week of 10/12/20

Water conditions

The last few weeks have been dry for most of the state, and only East Texas is expected to see additional rainfall in the coming week. As a result, the latest drought map shows slow expansion of drought, which is also expected to continue on next week's map.

Drought conditions

- ◆ 33% now
- ◆ 32% a week ago
- ◆ 25% three months ago
- ◆ 49% a year ago
