

# Water Weekly

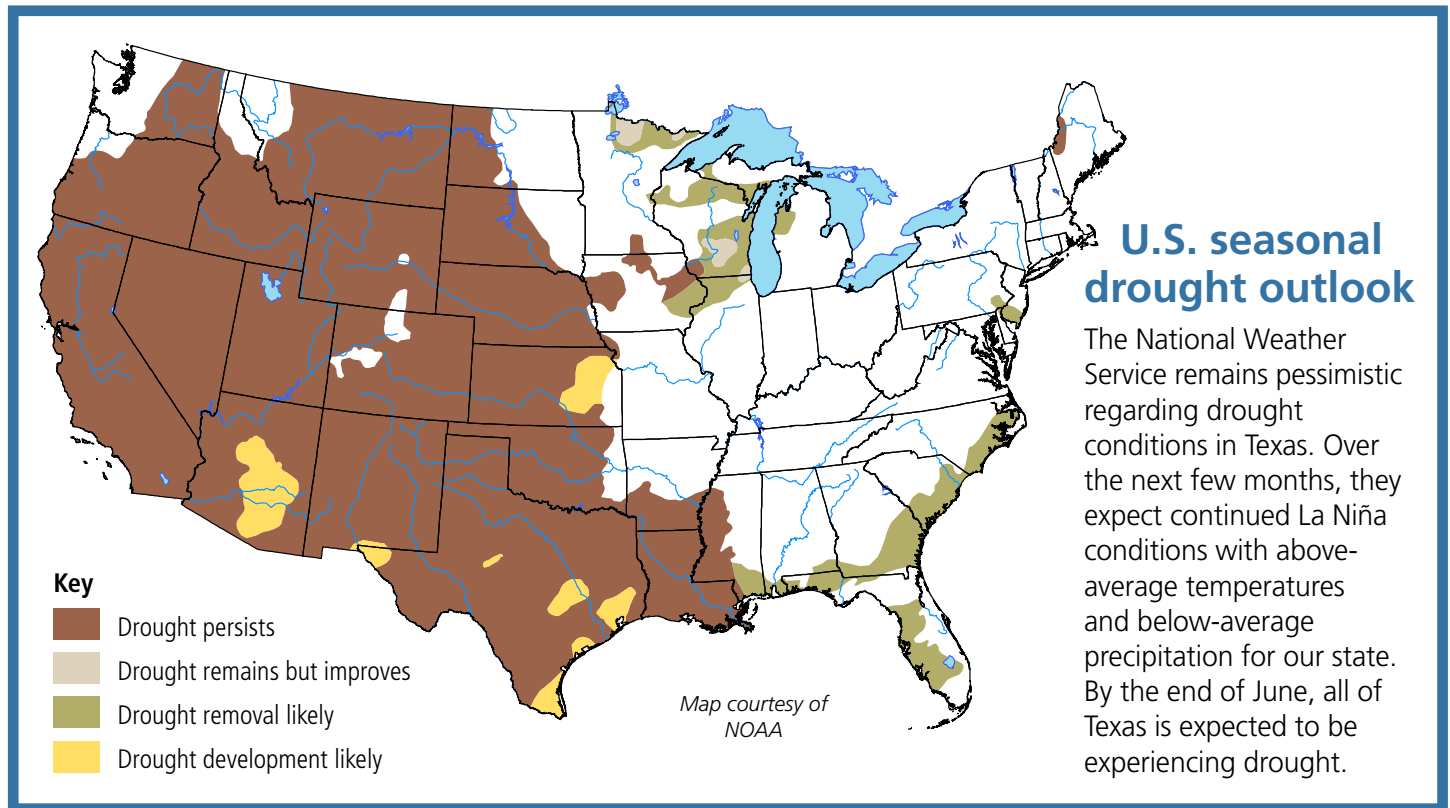

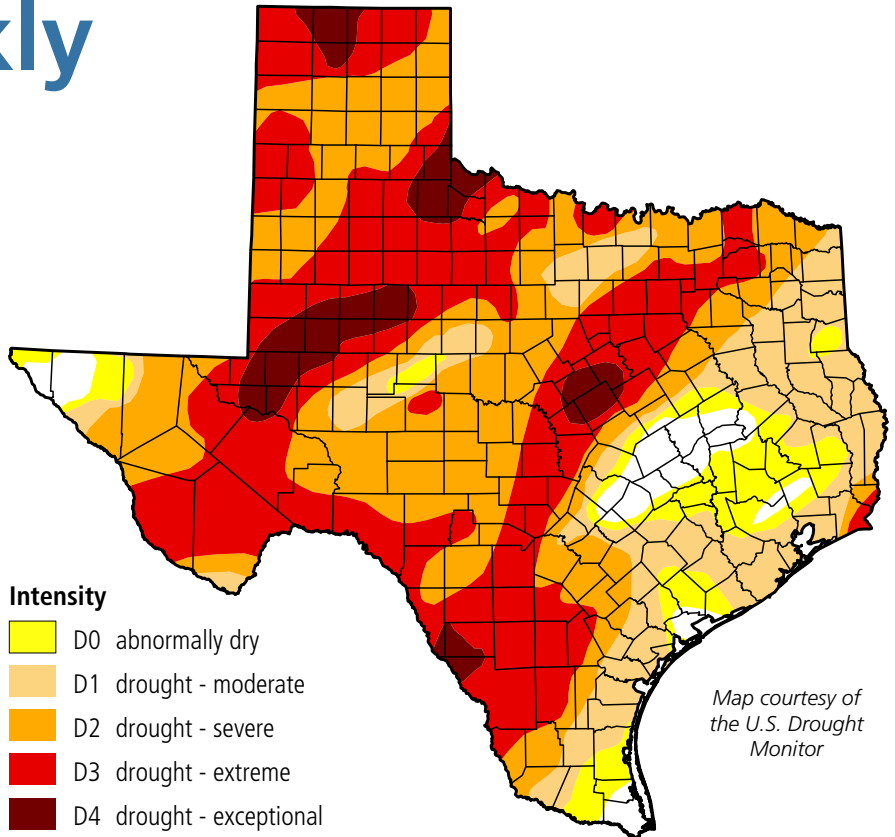

For the week of 03/28/22

## Water conditions

Thanks to scattered storms, the latest drought map for conditions as of March 22 shows some contraction and easing of drought in the Panhandle and East Texas. Other parts of the state, including parts of Central and South Texas, experienced continued degradation of drought conditions.

## Drought conditions

- ◆ 88% now
- ◆ 91% a week ago
- ◆ 65% three months ago
- ◆ 68% a year ago
