

Water Weekly

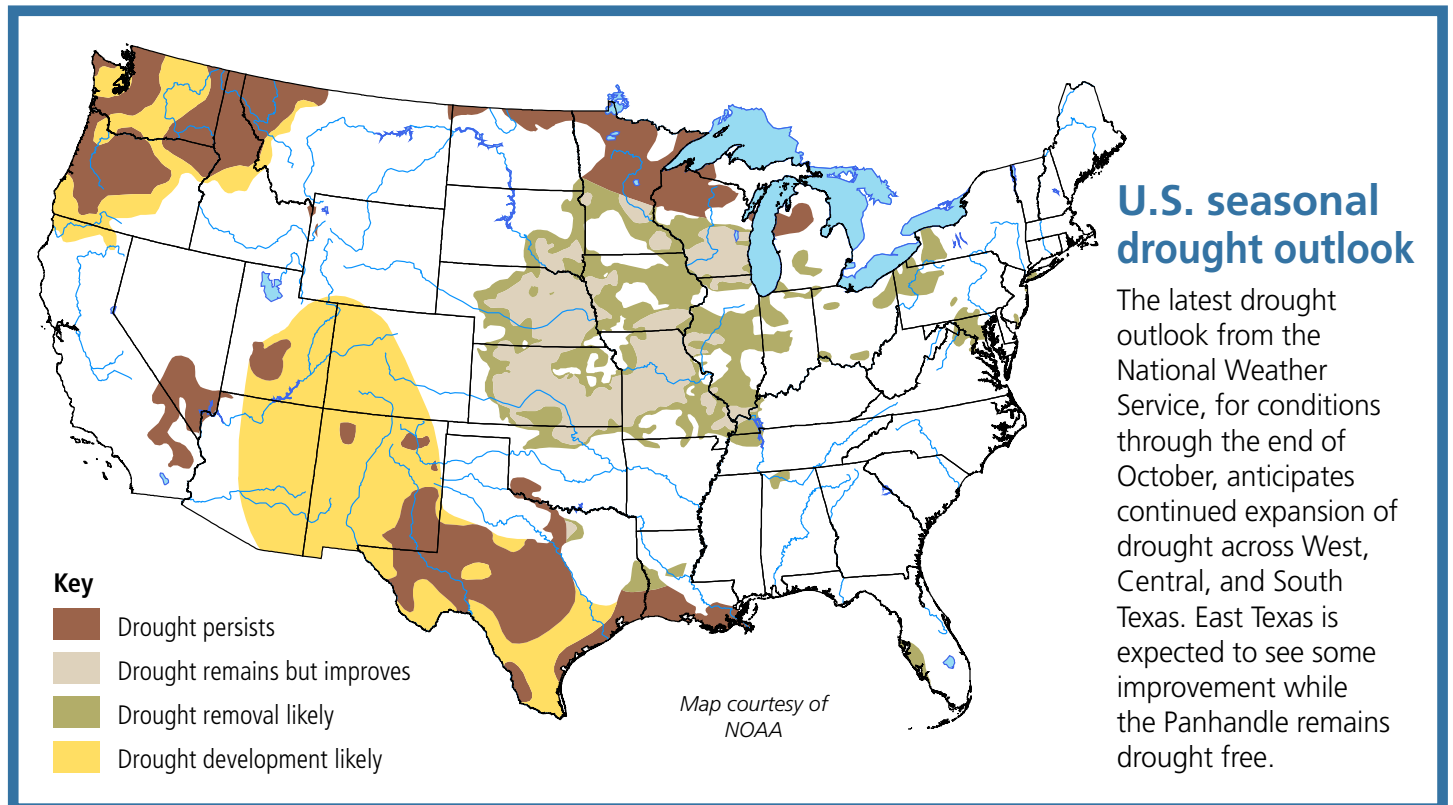

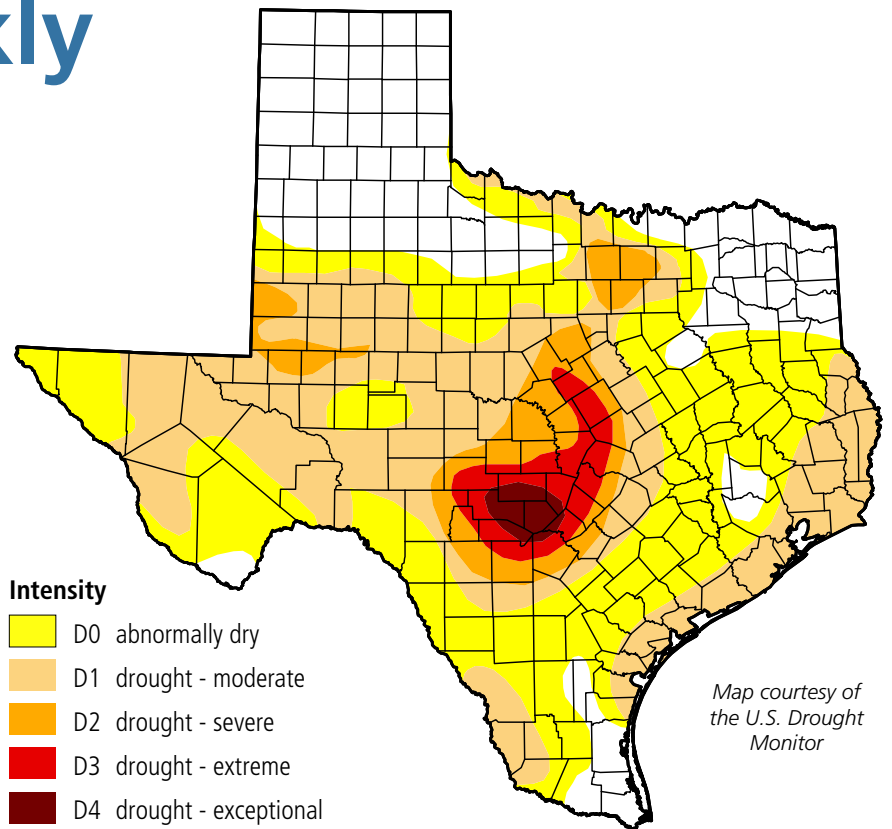

For the week of 07/24/23

Water conditions

The area of the state impacted by drought increased for the fifth consecutive week. In the last week, large areas of West, Central, and East Texas experienced one class of drought degradation. The total area of the state impacted by drought has now reached its greatest extent since mid-May.

Drought conditions

- ◆ 43% now
- ◆ 31% a week ago
- ◆ 58% three months ago
- ◆ 95% a year ago
