

Water Weekly

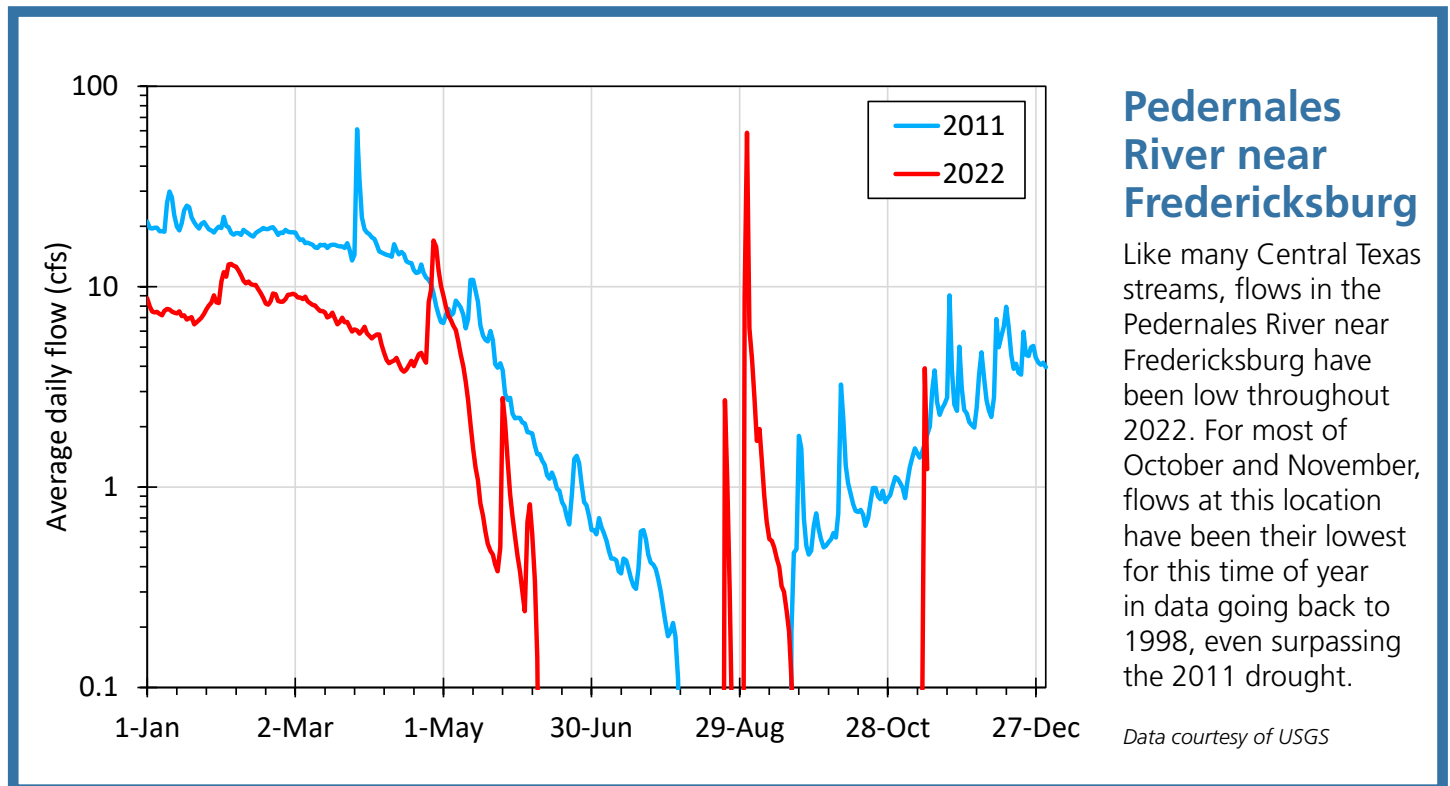

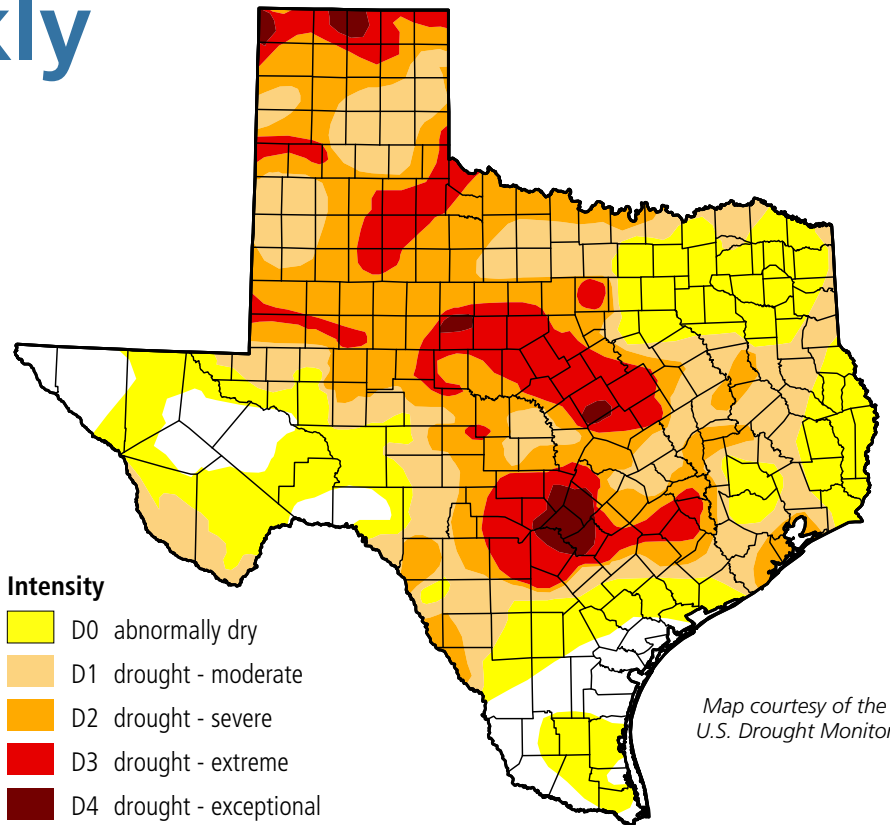

For the week of 11/14/22

Water conditions

The latest drought monitor map, for conditions as of November 8, shows large areas of East and coastal Texas are drought free. In the last two weeks, the area of the state impacted by drought has contracted 10 percentage points and reached its smallest extent since late September.

Drought conditions

- ◆ 65% now
- ◆ 70% a week ago
- ◆ 96% three months ago
- ◆ 32% a year ago
