

Water Weekly

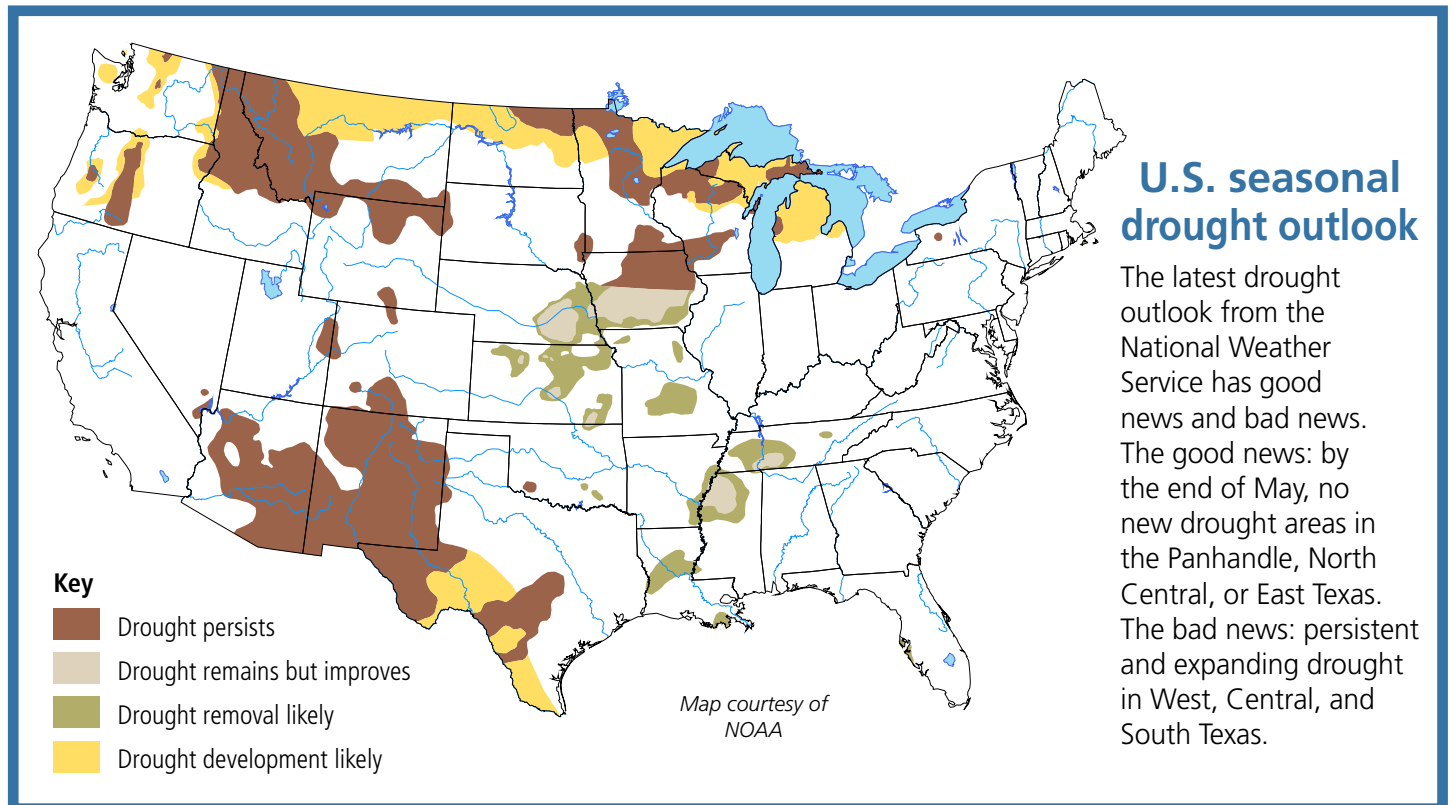

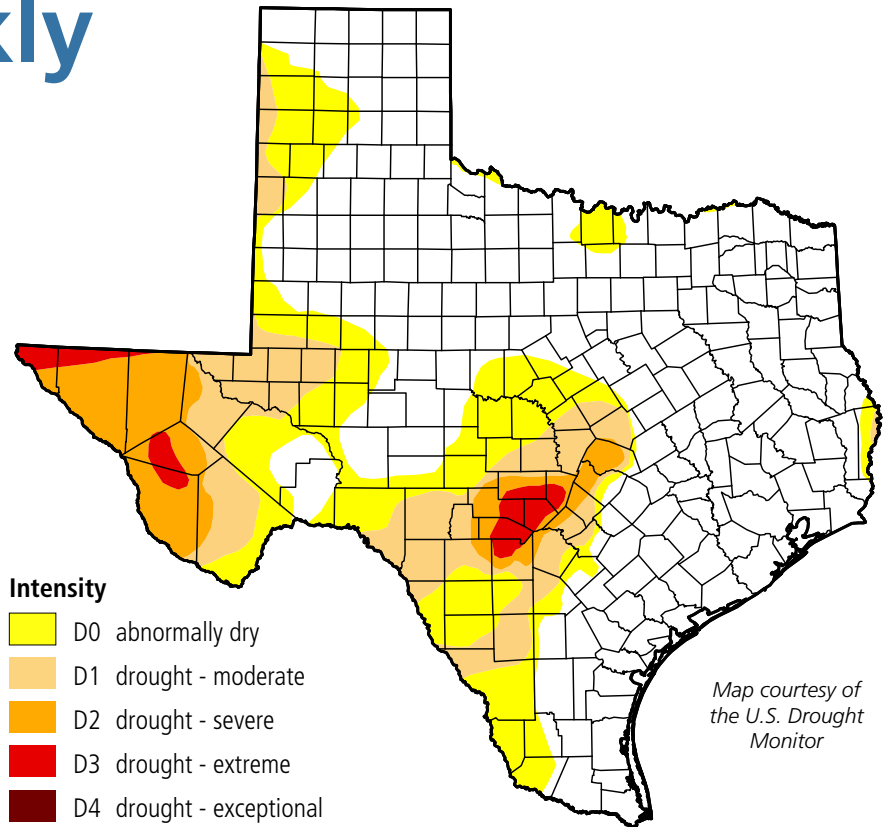

For the week of 02/19/24

Water conditions

The latest drought map for conditions as of February 13 shows continued improvement in the Panhandle and East and North Texas in the last week. Degradation occurred in parts of West and South Texas. Overall, there is little change in the total area of the state impacted by drought.

Drought conditions

- ◆ 21% now
- ◆ 21% a week ago
- ◆ 54% three months ago
- ◆ 55% a year ago
